**Libraries/Frameworks:** AngularJS, Bootstrap, SASS (LESS), ColdFusion, JQuery, D3.js

**Software/Tools:** Adobe Illustrator, Adobe Photoshop, Github, CVS, Visual Studio, Squarespace, Unity, SAP Business One, WordPress, Microsoft Office

## PROFESSIONAL EXPERIENCE

### Ahold-USA

**Jan 2016-August 2016** *Full Stack Web Developer*

Worked as a full stack developer. With the combination of AngularJS, ColdFusion and SQL, I was able to implement complete web applications from the UI design to the back end. My job included meeting with the business to gather the necessary requirements along with building the in-house applications using my knowledge of these frameworks and languages. We worked in two week sprints using a SCRUM methodology.

### Topical BioMedics Inc.

**Summer 2015 - Current** *Front End-Web Developer*

My job includes working with the creative team to design mock-ups and wireframes for various sites within the company. I am responsible for implementing the mock-ups into new websites with the use of HTML5, CSS3 and JavaScript. My responsibilities currently include maintaining up to 7 sites at a time.

### Freelance web designer/developer

**Fall 2014 - Current**

Over the past two years, I have created graphic designs, informational websites and web platform development for clients. My clients have included a clothing company, a non-profit organization and real estate agencies
